Reiki

Reiki is a form of energy work that is used to balance and amplify energy for the physical, mental, and emotional well being of the recipient.

Reconnective Healing

Reconnective Healing is an intelligent energy process comprised of energy, light and information. These vibrational frequencies encompass the energy systems and benefits of all energy healing techniques. It is simply a process that can be learned by everyone without any complicated steps or rituals.

Reflexology *

Reflexology is the discipline of stimulating reflex areas in the feet and hands that correspond to all of the glands and organs in the body, to help relieve stress and tension, improve circulation, promote healthy nerve impulses, and assist the body in healing.

Massage Therapy *

Massage therapy may assist in reducing muscle tension and pain as well as promote relaxation.

Craniosacral Therapy *

Craniosacral Therapy is a very gentle technique performed by a massage therapist that works with the cranial bones, spinal column and sacrum to balance energy.

* **Physician's approval required for those who have or have had cancer.**

* **All participants remain fully clothed in all individual sessions.**
