The MISSION of NCCF is to provide social, educational, financial and psychological support services and programs to families of ALL children diagnosed with life threatening or critical illnesses such as cancer, HIV/AIDS, sickle cell, renal, blood and immunologic diseases and to provide healing arts and wellness programs to adults touched by cancer as well as to chronically ill children and their caregivers.

Established in 1993, Nevada Childhood Cancer Foundation (NCCF) is a local non-profit organization providing over 45 programs and services at no cost to pediatric and adult patients and their families living in Southern Nevada. Our goal is to improve the quality of life for critically ill children, their families, and adults touched by cancer in our community. When a child is diagnosed with cancer or other life-threatening illness... they look to NCCF for support, hope, and courage.

Within 24 hours of receiving a pediatric referral, the NCCF service professionals work in tandem to identify the financial, educational, and psychological needs for each family.
