Tis' the season to GIVE and to CELEBRATE! Nevada Childhood Cancer Foundation invites you to celebrate courage and support critically ill children fighting cancer and other life-threatening illnesses right here in our community. We will also honor volunteers and generous donors who have made extraordinary efforts to encourage kids and adults fighting a daily battle against disease. So, start your season of giving with NVCCF and help support more than 35 financial, emotional, educational, and psychological services for hundreds of families and their children in Southern Nevada diagnosed with cancer, HIV/AIDS, sickle cell, renal, blood, and immunologic diseases as well as for adults diagnosed with cancer.
